Acoustic Duo "CO2" to perform in Agawam

CO2 is a gently accessible acoustic rock duo formed in 2007, and is made up of two corrections officers (get it? *CO2*). Mike Scott handles the vocals while West Springfield native Mark Wassung accompanies on guitar, and occasionally, harmonica. Together they weave those beautifully blended harmonies for which the duo has become so popular. Mark and Mike have more than 30 years of performance experience between them, and have been working together as *CO2* for nearly twelve years. Their success continues to grow and they have played everything from weddings to night clubs and high end dining establishments. *CO2* is beloved by old and young audiences alike and is the true definition of crowd-pleasing entertainment. Their repertoire includes songs by The Everly Brothers, Neil Young, Bon Jovi, Johnny Cash, Lynard Skynard, Bob Segar, Jimmy Buffett, Neal Diamond, Elton John, Matchbox 20, Green Day, The Fray, and more.

CO2 has performed all across New England: from the Berkshires to Cape Cod, New Hampshire to New York, Rhode Island and Connecticut. We're pleased to bring them back to Agawam for the Agawam Cultural Council's *Applause Series*, **with a performance at the Agawam Senior Center** (954 Main Street, Agawam -- Please park and enter at the lower level.) **on Friday, January 4th, 2019 at 7 PM.**
