What did people do for amusement in the days before TV, recorded music, computers and smart phones? They played the music they wanted to hear at home with family and friends. Flute and guitar was a very popular combination! We'll transport you to another era with a lovely collection of favorite songs, scandalous waltzes and Romantic music published in the 1800s. We'll be playing on 19th century period instruments: wood flute and 19th century parlor guitar. Join us for an entertaining afternoon!

Sponsored by the Evelyn Preston Memorial Trust Fund, Blackledge Music Inc., Music Performance Trust Funds, and Asylum Hill Congregational Church.
